PLAYERS OF ALL AGES WILL ENJOY THIS HOUSE PARTY!

Your players will need to be clever to exterminate this group of elusive pranksters, as they open doors..... appear and disappear..... flying from room to room, haunting the house.

HOW TO PLAY

GOLLY! GHOST!™ is a two-player interactive game that displays ghosts on the screen which the players attempt to shoot with their rapid-fire guns.

There are four different levels of the game. At the beginning of each scene, the bonus character and extended points required to go to the next scene appear.

If the player(s) fails to reach the required score, the ghosts take over the

house and the game is over. As each level is completed, the scores are tallied and displayed.

Each scene is cleared when the ghosts are exterminated within the limited time. Extra points are awarded for clearing the scene before the time runs out.

During the game, tickets will be dispensed according to the amount of points scored.
